

Canteen Cooking Class

The WA School Canteen Association Inc. (WASCA) together with Thermomix are excited to invite you to our cooking class.

We know that many of the wonderful people working in canteens are fantastic cooks! This is an opportunity to refine your skills whilst learning more about Thermomix

The cooking class will include:

- Cooking for a green menu
- Cooking for a profit
- Cooking with Thermomix - including demonstration and tastings

The event is open to all canteen staff and volunteers in WA, including those who are current Thermomix owners/users as well as those wanting to know a little more about using a Thermomix in the canteen.

The Thermomix has fast become the go to kitchen appliance for home cooks, chefs and caterers. Offering 12 functions in one compact appliance, the Thermomix has so much to offer small kitchens with big cooking jobs.

Wednesday 4 October (school holidays)

10.00am – 12.30pm

30 Ledger Rd, Balcatta WA 6021
