## EXPRESSION OF INTEREST

We are seeking expressions of interest to operate our school canteen from Term 1 2022 onwards, providing morning tea and lunches for our student and staff population. If you are interest in working in a friendly student centre environment and utilise a low waste packaging/recycling approach this may be the opportunity for you.

Previous experience in operating a school canteen will be considered advantageous but not essential.

We pride ourselves on our commitment to the students of our school. Our canteen is an important part of our commitment to our school community by providing healthy and affordable meals. Rental obligations will be minimal to minimise operating costs. We expect a student population of approx. 630 students.

Please submit your expression of interest via email at [beaumaris.ps@education.wa.edu.au](mailto:beaumaris.ps@education.wa.edu.au), Attention Donna Attwood. All submissions will be considered and we will meet with prospective operators before making a decision.

The operators will comply with the Department of Education's *Healthy Food and Drink policy* and procedures, including:

- Promote healthy eating to the school community
- Complete Traffic Light training
- Complete safe food handler training (or equivalent)
- Plan a menu based on the traffic light system
