

## WASCA Team Profile

**Jennifer Harris**

Jennifer is WASCA's Administration Officer and joined the team in June 2019.

Jennifer has undertaken bookkeeping roles in small businesses for the last 20 years including running her own bookkeeping practice.

Jennifer loves gardening no matter the task. Harvesting home grown fruit and veg and collecting the eggs brings so much joy.

**Who inspires you and why?**

No one person in particular inspires me because there are inspirational people everywhere. Every person has the capacity to do incredible beneficial things and I admire those that do them. An inspirational person to me is someone learning to walk again after an accident, someone going back to school at 50 to get that degree, someone standing up in the train so someone else can sit.

**What is your favourite cookbook, book or movie**

The movie 'Emma' is my favourite. A gentle romantic flick starring Gwyneth Paltrow and Jeremy Northam. Lovely chemistry between the main characters and just totally watchable.

**What do you believe is your most important role at WASCA?**

I see my role at WASCA as support. Whether the task is providing friendly customer service, keeping an accurate record of financial transactions, processing payroll, or just helping out.

**Tell us your top tip for promoting healthy food**

I always try to promote eating healthy food with my family. I think that if you want someone else to do something and you tell them it is the best way; you need to model that with your own behavior too.  
Shop at fresh markets (avoid supermarkets with lots of packaged items) and prepare food at home. I prefer to shop at fresh markets as the variety is generally excellent and it means I will prepare something fresh at home.

**WASCA recipe recommendation**

The first WASCA recipe I made was the ['Spiced cranberry muffins'](#) - yum!
